How Do I Complete the SF-900?

Note: *Suppliers who own special fuel in the pipeline distribution system in Indiana but do not have terminal receipts and disbursements, are required to file a "No Activity - Pipeline Only" report for the SF-900. However, all movements of fuel are to be reported on Special Fuel Transporter Monthly Return, SF-401.*

Dyed Fuel users are required to complete Section A and Section B as well as Schedule 1-4 and Schedules 5-10 even though they are the user of the fuel.

STEP 1: You should complete all Receipt Schedules 1-4 and Disbursement Schedules 5-10 (if there is activity even though no tax is due). Complete Section A and B located on the back of the SF-900. Detailed instructions for reporting fuel transactions on the corresponding receipt and disbursement schedules are found in the instructions for each schedule.

STEP 2: Carry specific line totals from Section A and B, on the back of the SF-900, to Section 2, Lines 1, 2, 3, and 4 on the front of the SF-900.

STEP 3: Complete Form SF-900 as instructed below:

Indicate the reporting period for which you are filing. Enter your identifying information as it is stated on your Indiana Special Fuel license.

SECTION 1:

Place an "X" in the box for each license type for which your return is being filed. Example: If you are a licensed exporter and a licensed importer, you will place an "X" in those two boxes. Even though you hold two separate licenses, you will only be required to file one (1) SF-900 Consolidated Special Fuel Monthly Tax Return.

SECTION 2

Line 1: Enter the amount of special fuel purchased, acquired, or imported during the month. This figure is the total from Section A, Line 5 or, dyed fuel withdrawn from your own storage used in a taxable manner.

Suppliers and Permissive Suppliers are not required to complete

This deduction **must** be claimed on the first return following the date the eligible purchaser failed to remit the tax to the supplier. If the deduction is not claimed on that following return, the deduction will be disallowed. Also, this deduction is limited to the amount due from the eligible purchaser, plus any tax accrued from that purchaser for a period of 10 days following the date of the failure to pay. Schedule SF-10E must be attached for this deduction.

Line 8: Enter the adjusted tax due. (Line 6 minus Line 7)

Line 9: Calculate your collection allowance if your payment is transferred/or paid timely and the full amount of tax is remitted. **Any late payments or additional payments reported after the due date are not eligible for the collection allowance.**

Line 10: Enter any adjustments not accommodated elsewhere on this return. For adjustments taken on this line, Schedule E-1 must be attached. Failure to complete and attach Schedule E-1 will result in your adjustment being disallowed. If line 10 is a negative amount, be certain that you circle the "-" sign in the box to the left of your line 10 entry. (Dollar amount only.)

Line 11: Line 8 minus Line 9 plus or minus Line 10.

Remember to sign and date your return! Any return received without the proper signature and date will be returned to you for

completion. Penalty and/or interest may be assessed for failure to file a complete return by the due date.
